

## Nature is all around us, from backyards and suburban streets to bushland reserves and rural landscapes.

Exploring nature is fun and easy to do. There is so much to discover. Join us on a nature treasure hunt through Nillumbik.

Remember to take care of our environment. Respect animals' homes by leaving branches, leaf litter, twigs and rocks as you find them. 

The best souvenirs of your treasure hunt adventure are photographs and memories.

Send your best pictures to **environment@nillumbik.vic.gov.au** and we may share them on our social media channels.
