NOTE:
 The location of markers is not definitive and will require a ground survey to the satisfaction of the Council.
 Consideration to verify all dimensions on site and impact of obstructions to the proposed access paths to be considered.
 Figures of dimensions to be taken to provide cost to building from drawings. All dimensions shall be confirmed on site with owner.
 This drawing is a concept and must not be relied on until it is sealed or in a position where Council has approved under appropriate legislation for the proposed purpose. The final design is subject to Council approval.
